Printed	Page 32 Figure 1-14	In figure 1-14, where it says "undo history palette remembers in Edit-preferences-performance" and so on, should say instead, "undo history palette remembers in PHOTOSHOP ELEMENTS-Preferences-history" and so on, instead of EDIT.	Anonymous	
Printed	Page 80 Third paragraph from the bottom.	Under the sub title ZOOM PERCENT, you list the maximum percent as 1600. It is in fact 3200 percent	Anonymous	
Printed	Page 339 step #3, the plain text explanatory paragraph	<p>Please add a new 2nd sentence, like so:</p> <p>Use the Toolbox menu to choose a rectangle, a rounded rectangle, an ellipse, a polygon, a line, or a custom shape. Right-click or control-click the Shape tool to display a pop-out menu containing all these choices. (If you choose the custom shape....</p> <p>-Pete Meyers, editor, Missing Manuals</p> <p>Note from the Author or Editor: > Right-click or control-click the Shape tool</p> <p>This is not necessary. You can click-hold.</p>	Anonymous	
Printed	Page 430 Figure 16-3 caption	<p>The author would like to change the current caption "Elements thoughtfully reminds you..." to this:</p> <p>In case you get confused about color management, when you choose "Printer Manages Colors," Elements reminds you to turn on color management in your printer's driver (that's what "Printer Preferences" means in the dialog box: the driver options in the OS X print window, described on page 431). If you choose "Photoshop Elements Manages Colors," the text changes to remind you to disable color management in the driver.</p> <p>She's also sent along a revised figure, which will go to illustrations to be included in the next reprint.</p>	Anonymous
